

Printing to black & white, color printers.

Classroom printers (B&W). HP printers in production lab (Color).

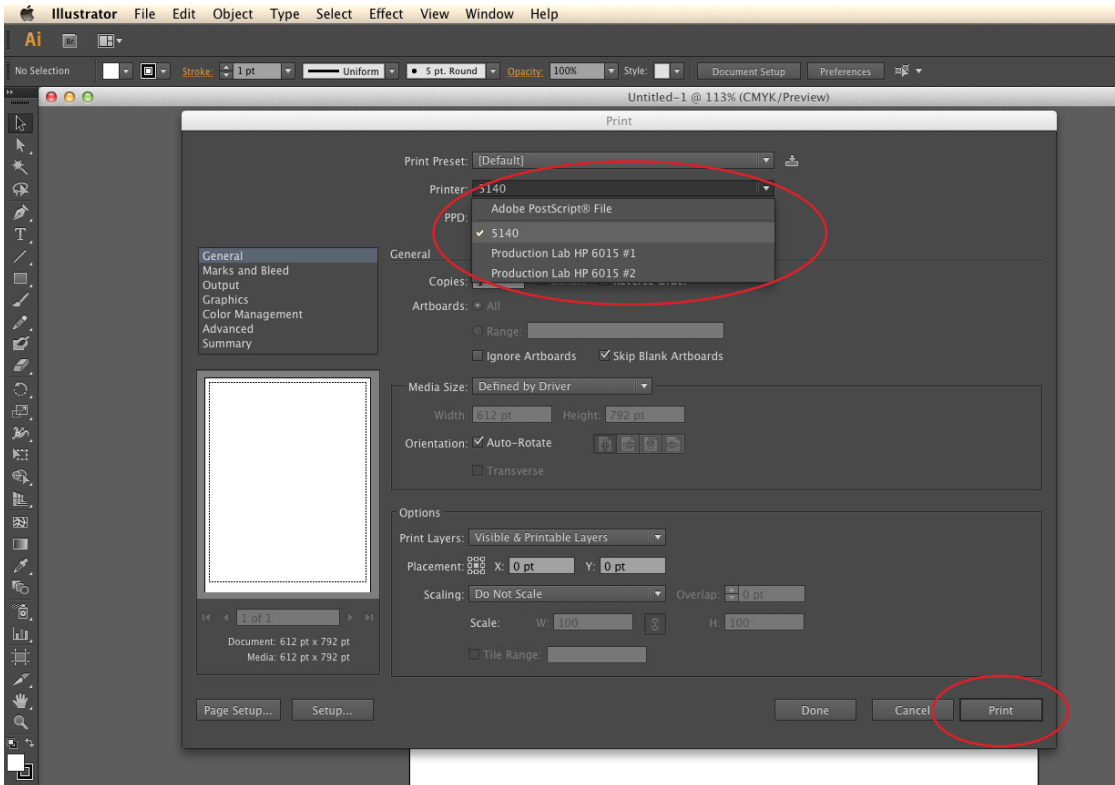

1. In your native program >> Go to File >> Print (Command + P). A dialogue window will appear.
2. Select your printer of choice from the drop down menu >> Your classroom printer (B&W) will be the default. It is designated by your room number.
3. Click on Print

Here is what it will look like in each program:
