

# How to obtain your log-in information for the school computers:

Enroll. There is a two day waiting period before student accounts are accessible.

## **All school computers use requires student (*MySeattleColleges*) login.**

You will need your **Username** for logging on.

You will need your Student ID number (**SID Number**) also for your Student Login **Password**.

Look on your registration receipt or inquire at the Cashier's office or Registration in room BE1104. (*You will need to show identification*).

*MySeattleColleges Login* Accounts are AUTOMATICALLY created for incoming students and are what you will use to access most computing resources related to Seattle Colleges, both on and off-campus.

This account will allow you to access:

- Campus open labs and classroom computers on all Seattle Colleges campuses.
- At least 1 Terabyte of file storage in Office 365 OneDrive, accessible from on and off campus.
- Full access to Wi-Fi on all Seattle Colleges campuses.
- Student printing from campus printers.
- Other services as required by your class or faculty.

## **How do I change or reset my *MySeattleColleges Login* name if I want to?**

1. Choose the "Reset" tab at <https://tools.seattlecolleges.edu/home>
2. Enter the SID and PIN and your desired password.  
The system will return your *MySeattleColleges Login* name @seattlecolleges.edu.
3. Remember that name and the password you entered.

## **For additional information about your student email and school log-in information you can probably find it here:**
